

MEMOR 11 FAMILY ∞

wireless charging

Locally produced wireless single charge cradle

The Datalogic Memor 11 family now features a locally designed wireless charge single cradle by Panacea Technology Distributors. This offers:

- A competitively priced, locally designed wireless single charging cradle.
- Suitability for the Memor 10/11 rugged PDT series.
- A simple form factor ideal for small spaces and desks.
- Complementing the advanced battery wireless charging feature.

FEATURES

- Wireless charging for Memor 10/11 with or without a rubber boot
- Wireless charging with rubber boot and single strap
- Reduced maintenance costs and ensures correct charging of the device.
- Custom branding for 50+ units ordered
- Includes a single charge cradle, wireless charger, USB-C charge cable, and a 2-pin dual USB charger head
